- Available In Red,Blue,Green Yellow
- Installation: Two Screws
- Rated current: 120(mA)
- Rated Voltage: 12(V DC)
- Flashes/minute: 90

Model: VS-AL      Default: Red      ■ ■ ■ ■

**STROBE SIREN AND LIGHT WITH METAL BOX**  
**Sounder with flash in metal box**

Durable high quality strobe siren box, built-in 30W high volume electric siren and strobe flash. The siren adopts the metal housing for anti-smush, hit damage. The High Quality Strobe Siren Box For Bank, Hospital...etc commercial security solutions

- Working Voltage: DC 12V
- 1 tone to 2 tones optional; Different dB optional
- Siren and Strobe Light together
- Rated Voltage: 12(V DC)
- 130L\*110W\*200H mm

Model: E Type      Default: Red      ■ ■

**MEDIUM SIZE OUTDOOR STROBE SIREN**

This outdoor siren and strobe light is a powerfull strobe siren comes with two 115db piezo sirens increases the protection of your alarm system and providing an additional deterrent to potential thieves for your perimeter alarm systems. The large, flat front area is suitable for applying a company sticker.

- Operating Voltage:DC9-15V
- Standby: 280mA (alarm + strobe) 10mA
- Siren Output: 115dB @ 1m
- Flash Rate: LED, 60 times/min
- Battery: 7.2V/500mAh
- IP Rating: IP-65

Model: C Type      Default: Red      ■ ■ ■

**TWO PIEZO SOUNDER STROBE SIREN**

Twin piezo sounders with 120db at 1M, Red and Green status LED indications for easy status confirmation, Highly resistant PC housing, UV prevention, Positive/negative siren trigger inputs, Sound and Flash time setting (15m, 3m,1m), Rechargeable Battery backup (included), 2 way tamper switch protection.

- Operating Voltage: DC9-15V
- Current Standby: 380mA (alarm + strobe) 10mA
- Siren Output: 120dB @ 1m
- Flash Rate: LED,60times/m
- Battery: 7.2V/500mAh
- IP Rating: IP-65
- D: 300L\*220W\*65Hmm

Model: A Type      Default: Blue      ■ ■ ■

**30W OUTDOOR STROBE SIREN**

The 30W outdoor siren is a new generation of professional high power acoustic siren with back-up and flash, which includes all performance and reliability for security alarm system. Military usage plastic plug metal cabinet design, mainly be usage in Bank, Hospital, Shop...etc commercial buildings.

- Operating Voltage: DC9-15V
- Current Standby: 1300mA (alarm + strobe) 30mA
- Siren Output: 115dB @ 1m
- Flash Rate:75 times/min
- Battery: 7.2V/1.2Ah
- IP Rating: IP-65
- D: 270L\*193W\*100Hmm

Model: B Type      Default: Orange      ■ ■ ■
